

## Winlink Wednesday Net Report and Roster for 22 September 2021 (Episode #263)

# Winlink Wednesday

**\*\*\* N4ACK IS SUBSTITUTE NET CONTROL NEXT WEEK (9/29) \*\***

Greetings,

Our next net will be held on Wednesday, 29 September 2021. I will distribute a reminder on Tuesday. Please read it carefully. **N4ACK (LYLE PINER) WILL BE SUBSTITUTE NET CONTROL.**

The current week's net report and roster is now available at:  
<https://winlinkwednesday.net>

The interactive map of the current week's participants is available at:  
<https://tinyurl.com/WWcurrentmap> (also linked at <https://winlinkwednesday.net>)

### SUBNET RESULTS:

Winlink Wednesday Local VHF P2P Subnet results:

- Blue Ridge (NCS: Wayne, KM4YC, Fauquier County): xx participants, including NCS.
- Central VA (NCS: Dave, W4IIA [as W4IIA-2], Henrico County): 12 participants, including NCS.
- Hampton Roads (NCS: Frank, KN4DUF, Virginia Beach City): 8 participants, including NCS.

Winlink Wednesday PACTOR P2P Subnet results:

- Statewide (NCS: Randy, KE4RL, Wythe County): 6 participants, NOT including NCS.

If you would like to participate in any of these subnets, contact the NCS directly. If you would like to host a Winlink Wednesday VHF P2P Subnet in your area, contact me for details on how to get started.

### NET NOTES:

- 1.) Yesterday, Winlink Wednesday received 416 total messages from 313 unique participants worldwide, including 143 Virginia stations.
- 2.) There were 40 P2P connections during the morning session (including those to Alternate NCSs), and 49 P2P connections during the evening session.
- 3.) **Dave (K4DND) earned his 200-Week endorsement**, signifying (of course) 200 weeks of participation. Dave's endorsement will add to his previously issued WWCC certificate #041.
- 4.) There were NINE new stations. **Welcome to Ray (KG5FLJ), Brian (AC9XU), Damian (2E0TXE), Chris (KV8Z), Tom (W7SUA), Dave (VA6DWT), Rodolfo (YV5BRB), Dave (KO4IGR), and Dennis (AD6DM).**
- 5.) **Sadly, 31 messages were rejected** as check-ins because they were early, late, included misspelled call signs, or included an attachment of some sort. If your check-in is not listed below, yours might be one of the messages that were rejected for not following instructions. We have announced for several weeks that check-in attempts with gross formatting errors will be discarded. See: <https://winlinkwednesday.net/wwchanges10.html>
- 6.) P2P check-ins are identified below by a leading asterisk (\*). Lower case "o" (o) indicates a check-in from outside of Virginia. Square brackets [xxx] indicate notes by net control. Slash marks (/) indicate a properly

formatted, attached ICS-213 form, when applicable. Question marks (?) indicate a problem with the ICS-213 form (usually either an outdated template or incorrect message format). Contact me directly if you want help in correcting your ICS-213 submission.

WINLINK WEDNESDAY CHECK-INS, 22 September 2021 (Episode #263)

Total unique participants = 313

\*\*\*\*\*  
THE FOLLOWING IS THE NET CHECK-IN LIST AS RECEIVED  
\*\*\*\*\*

KW6GB, Greg, Front Royal, Warren, VA (HF) (Net Control)
