

Winlink Wednesday Net Report and 3 June 2026 (Episode #508)

Winlink Wednesday

Greetings,

Our next net will be held on Wednesday, 10 June 2026. I will distribute a reminder on Tuesday. Please read it carefully. KN4LQN WILL BE PRIMARY NET CONTROL.

The current week's net report and roster is now available at:

<https://winlinkwednesday.net>

The interactive map of the current week's participants is available at:

<https://winlinkwednesday.net/WWcurrentmap>

SUBNET RESULTS:

Winlink Wednesday Local HF/VHF P2P Subnet results:

Blue Ridge (NCS: Wayne, KM4YC, Fauquier County, VA): No report this week.

Central VA (NCS: Dave, W4IIA [as W4IIA-2], Henrico County, VA): 7 participants, including NCS.

Regional Hospitals: 12 participants, including NCS.

If you would like to participate in any of these subnets, contact the NCS directly. If you would like to host a Winlink Wednesday VHF/HF P2P Subnet in your area, contact me for details on how to get started.

NET NOTES:

1.) Yesterday Winlink Wednesday received 1410 total messages from 991 unique participants worldwide, including 188 Virginia stations.

2.) There were 60 P2P connections during the morning session, and 237 P2P connections during the evening session.

3.) **Steve (KX4EF) and Corey (KN4YZY) earned their 300-Week endorsement**, signifying (of course) 300 weeks of participation. The endorsement will add to their previously issued WWCC certificate #087 and #138.

Congratulations to Steve and Corey on this milestone achievement!

4.) **Bob (K1JOZ) and Chris (KV8Z) earned their 200-Week endorsement**, signifying (of course) 200 weeks of participation. The endorsement will add to their previously issued WWCC certificate #030 and #223.

Congratulations to Bob and Chris on this milestone achievement!

5.) **James (KQ4QWX), John (N9JYJ), Steve (KE2AIO), Bruce (W4BCK), Jerry (KY4RQ), and John (KD9QDL) earned their Winlink Wednesday Century Club (WWCC) certificates this week, signifying 100 weeks of participation.**

They will be issued WWCC certificates #650, #651, #652, #653, #654, and #655. Congratulations to James, John, Steve, Bruce, Jerry, and John on this milestone achievement!

6.) There were THIRTEEN new stations. Welcome to Brian (KN4KSW), Richard (VK2SKY), Daniel (KE2ATY), Mark (KG5HIT), Belinda (W8BLW), Daniel (SA3KUD), Nathan (N8ELS), Cait (KJ5BZK), Red Cross Erie (KC3TFM), Lojze (S57KLA), Bernard (KC4CRH), John (KQ4ESQ), and Dorian (S59EU).

7.) Six messages were rejected as check-in because they were early, late, included misspelled call signs, or included an attachment of some sort. If your check-in is not shown in the check-in list or on this week's map, yours might be one of the messages that were rejected for not following instructions. See: <https://winlinkwednesday.net/wwchanges10.html>

8.) P2P check-ins are identified below by a leading asterisk (*). Lowercase "o" (o) indicates a check-in from outside of Virginia. Square brackets [xxx] indicate notes by net control. Circumflex (^) indicates a check-in using Telnet, which does not count towards WWCC. Slash marks (/) indicate a properly formatted, attached ICS-213 form, when applicable. Question marks (?) indicate a problem with the ICS-213 form (usually either an outdated template or incorrect message format). Contact me directly if you want help in correcting your ICS-213 submission.

WINLINK WEDNESDAY CHECK-INS, 3 June 2026 (Episode #508)

Total unique participants = 1410

THE FOLLOWING IS THE NET CHECK-IN LIST AS RECEIVED

KN4LQN, David, Chesterfield, VA (HF) (Net Control)
0830L, sunny, calm, 70dF
